### SUMMARY

As an aspiring data analyst with a career gap of two years. Fighting All the way to get into the world of data with an immense amount of interest in Mathematics and handling data. Self-taught student with the help of online resources.

---

### PROJECTS:

#### POWERBI

- **Hospitality Revenue Analysis**  
Created a report in the Hospitality Domain using the Key Metrics such as Revenue, RevPar, ADR, Occupancy. A Table representing the key metrics of the Property including Realisation, Cancellation, Average rating and Charts regarding the Online Platform.
- **Bike Share Analysis**  
Developed a dashboard that displays key metrics for informed decision-making regarding Hourly Revenue Analysis, Seasonal Revenue, Rider Demographics and provided with better insights.

#### SQL

- **HR Report regarding Absenteeism**  
Dashboard for HR to understand Absenteeism at work based on approved wireframe. Also Calculated wage increase for Healthy Employee.

#### EXCEL

- **Coffee sales dashboard**  
I took on a project to analyse sales data from a coffee shop. After analysing the data I created an interactive dashboard that serves as a valuable tool for coffee shop owner and presented them visually using Excel.

#### TABLEAU

- **Overall Reviews of British Airways**  
Took the overall review of the Airways and prepared a report based on the reviews from the Passengers and displayed it in the Dashboard which helps in making strategic decisions for the area where it needs to be focused for better improvement.

---

### PROFESSIONAL EXPERIENCE
